Scroll and swipe smoothly while keeping your screen free of smudges and fingerprints.

Featuring a firm, yet pliable rubber tip, the Antimicrobial Smooth Gliding Standard Stylus works on all touchscreen surfaces and greatly reduces smudges, streaks, and fingerprints.

Weighted and balanced for maximum comfort, the stylus works effectively when working on both large and small screens.

This stylus features Targus DefenseGuard™ Antimicrobial Protection*, which creates a cleaner surface and works continuously to protect the stylus by preventing the growth of microorganisms. Unlike topically applied sprays, Targus DefenseGuard styluses are treated with an antimicrobial additive that does not wear off and lasts for the life of the product.

*Antimicrobial protection is limited to the device itself. This keyboard has been infused with an antimicrobial additive. Active ingredient: Silver Phosphate Glass (nano-). EPA Est/ 99234-CA-1
